

Summer 1923

Prospectus for 1923-1924
year
Three Hills Bible School.

The need of a Bible Training School for this district was laid upon the hearts of a few of God's children in the year 1921. Consequently, in the fall of 1922, after much waiting upon God, the Bible School was opened in the school building, one mile north of Three Hills. The school stands for every whit of the "Fundamentals"; it is of an interdenominational spirit and character, and has as its motto: "Let us love Christ and make Him known." Believing that God will supply all the needs for His people, the school is established upon a faith which is unshakable.

The school year consisted of the three months commencing about April 15th, 1924.

Method of Bible Study:

The whole Bible is studied consecutively and constructively under the guidance of select questionnaires to each student. This method makes each student produce his own original lessons from the scriptures thereby securing the Book as his own possession in his very own. This is the culminating object of the school.

Bible Courses: by Mr. T. E. Mayner.

The Bible Study consists of two courses of one year each, the first being held, respectively.

The two year primary course covers consecutively the entire Bible, including the Psalms, by optics

Books and sermons, all of which will later be incorporated under a separate course.

This study course then runs weekly. The three year advanced course covers the whole Bible, Historically, Textually and Doctrinally. This course embraces practical discipline in many subjects, necessary to be studied separately, and includes original, expository and theme writing on completed portions of the Scriptures. The class is open to all who have completed the primary course and to those new students who are already sufficiently enlightened in the Bible to answer their own questions of the Primary Course. *Two hours weekly.*

History: By R. E. Mappin. "The History of the Church in Bible Light" is a most enlightening and inspiring history. "History in the Light of Prophecy" *Two hours weekly.*

Bible Atlas: By Mr. J. F. Clark.

Hurlburt's "Bible Atlas" is a work of the highest quality. The Old and New Testaments, including the journeys of the Apostle Paul, in New Personal Work. *By Mr. Victor Clark.*

Literature: By Mr. Mabel Martindale, a teacher who has assumed her literature position to take the Bible Course and give her services to the other Bible students. Speaking, writing and good composition are emphasized. *Two hours weekly.*

Ministry: By Mr. Victor Clark. Mr. Clark brings his practical experience from his recent experience in the secular business world.

We have been laboring for the past five years.
At the first of the year we expect Mr. Hamilton,
a missionary of thirty years experience in South
under the C. M. S., to give us valuable assistance.
Practical Work: Mr. Edward Kirk, Field Director.

The outstanding feature of this branch is the complete
effort being put forth by the faculty and student
body to care for at least eight hundred school
districts each week day. This proves a great success.

Rate: No tuition is charged.

Until a Bowling Club obtain admission
students will be accommodated by the church in that
building.

One dollar per month. Students should bring money.

All communications should be sent to:

Leslie E. Maywell,
Three Hills, N.H.

P.S.

Music: By Edward Kirk - one hour weekly.

Light Reading and Leading of Song Services are
special emphasis.
